Subject: Cargill Update

Hi Rob,

I just wanted to let you know that ERG sent a subcontract to Towill on Friday, 10/30/15 and Towill confirmed receipt of the subcontract. The next step is for Towill to review and sign the subcontract. After that, we will issue a fully executed subcontract and we can have them start work! The first step will be to hold a kick-off call (with EPA, ERG/PG, and Towill) to discuss our specific expectations and priorities for the work. I'll keep you posted on when we hear back from Towill with a signed subcontract.

Thanks,

Sarah Yates
